

# Demystifying Data Science using Python

## Training Content

### Introduction to Python

- Python vs Other Programming Languages
- Why Python
- Python Applications
- Platform Independent Concepts
- Python Dynamic Behavior

### Data Analytics & Data Science

- Data Analytics Life Cycle
- Data Analytics Libraries
- Machine Learning
- Introduction to Data Science
- Data Analyst vs Data Scientist
- Data Science Path

### Modules to Cover in Data Science

- Python
- Data Analytics
- DA Tools
- SQL
- Machine Learning
- Data Science

**Director of CETPA Infotech**

**20+ Years of Experience**

**LinkedIn Profile-**

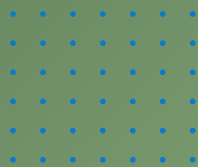

**[www.linkedin.com/in/vkvikaskalra/](https://www.linkedin.com/in/vkvikaskalra/)**

## Career Opportunities in Data Science

- Opportunities for Data Analysts
- Opportunities for Full Stack Python Developers
- Opportunities for Data Scientists

## Projects Demonstration

- Virtual Assistant
- Invisible Cloak
- More Projects
